

Start and grow your business and be counted as a leader.

Join the **GREAT Women Project** !

Many microenterprises in the Philippines are built and managed by women. For many women, opening such businesses serve as the means to improve their lives.

The GREAT Women Project helps national government agencies and local government units in creating and implementing policies, programs, services and other initiatives that assist women as they start and grow their microenterprises.

Learn more and support the GREAT Women Project in your place.
